

Nazi-Vikings

The royals of Sweden, Norway, and Denmark are wealthy tyrants that finance and direct Nazi-Viking organizations, cults, and secret societies in the United States and Europe. Vikings were really Scythians that invaded and subverted the Nordic region and people who were living there peacefully until the Viking invaders settled there and started raiding nations. Vikings were not real Nordic people. King Carl XVI Gustaf of Sweden is the head of the Swedish royal family with his wife Queen Silvia and their children are Princess Victoria, Princess Madeline, and Prince Carl Philip who is a high level militant Viking commander involved in torture, rape, and murder. Prince Carl Philip is extremely arrogant and destructive. They have a Bernadotte of Wisborg branch that own the Island of Mainau. Both King Carl Gustaf and his son Prince Carl Philip are members of Sweden's royal navy and can be seen wearing naval caps. Prince Haakon of Norway is also an admiral in the Royal Norwegian Navy. Vikings operated like a navy. The Swedish royals use Stockholm's Syndrome as a tool for brainwashing people into siding with them. The House of Bernadotte use the Wallenberg family as Court Factors and financiers. The Wallenbergs established Stockholms Enskilda Bank now known as SEB Group which has assets estimated at over 2.6 trillion. During WWII Stockholms Enskilda Bank acquired subsidiaries in Robert Bosch GmbH which was in contract with the Nazi military producing arms and using Nazi slave labor. The national bank of Sweden financed the Nazis and was blocked by the US during WWII. The CEO of their bank Jacob Wallenberg was even awarded the Order of the German Eagle under the Nazis. The Swiss-Swedish company ABB Group formerly Brown Boveri & Cie before it merged with the Swedish ASEA paid millions of dollars to their slave labor victims used during WWII. ASEA used a swastika for its original logo. The royal families of Sweden, Norway, and Denmark are all intermarried with German nobility and directly involved with the Nazis. The German House of Glucksburg currently rule in Denmark and Norway today with Queen Margrethe II of Denmark and King Harald of Norway. The German branch is headed up by Prince Christoph of Schleswig-Holstein-Sonderburg-Glucksburg and his son Prince Friedrich Ferdinand. The Glucksburgs married with various German Nazis.

The Swedish royal family have married with the German House of Baden several times and the Badens founded Berne, Switzerland. It is likely that the House of Bernadotte were the Diesbach family of Berne, Switzerland before migrating to France and then to Sweden. Wolfgang von Hesse was a Nazi soldier and Warburg banker and he married Princess Marie Alexandra of Baden. Prince Christoph of Hesse was Ministry of Air Forces for Nazi Germany and a Nazi SS commander and he married Princess Sophie Glucksburg of Greece and Denmark.

The Swedish Prince Gustaf Adolf the Duke of Vasterbotten had met with Adolf Hitler and Hermann Goring during WWII. Prince Gustaf Adolf married Princess Sibylla of Saxe-Coburg and Gotha and her father Charles Edward the Duke of Saxe-Coburg and Gotha was a politician in Nazi Germany and her brother Prince Friedrich Josias was a member of the Nazi defense force. Princess Birgitta of Sweden was married to Prince Johann Georg of Hohenzollern and his uncle Prince Franz Joseph of Hohenzollern-Emden was a member of the Nazis SS. Heinrich Prinz of Sayn-Wittgenstein was a Nazi fighter pilot and Princess Benedikte of Denmark married Gustav Albrecht the 5th Prince of Sayn-Wittgenstein-Berleburg whose father was a Nazi commander. Although Nazi Germany invaded Denmark and Norway during WWII the war was orchestrated by the royal families as part of their long term takeover plot and for the purpose of depopulation. If anything the Nazi invasion of Denmark and Norway helped the royal families there in maintaining control over the people. All through out history the royal families have caused wars and used their armies in competition for land, titles, and resources with out killing each other and instead they marry each other. There is no reason for monarchies. The royal families operate as an organized crime syndicate and rule nations as dictators either openly or covertly. Royals and nobles need to be outlawed and these current royal criminals need to be executed for their relentless crimes against humanity and this will make future tyrants think twice about thinking they have a right to rule over other people and land that is not theirs. The House of Bernadotte are owners of the white supremacist secret society and criminal group within law enforcement called the Lynwood Vikings. Corrupt police are heavily involved in drug trafficking, murder, extortion, and organized gang stalking.

The Glucksburgs of Norway, Sweden, and Denmark own the Pagans motorcycle gang. The Bernadottes of Sweden are owners of the Vagos motorcycle gang which uses Loki a Norse deity for its symbol and they have chapters in Sweden. The Nazi-Viking cults are involved with factions of the Aryan Brotherhood and white supremacist prison gangs with members incorporating Norse Mythology into their beliefs. Nazi-Viking cults are also involved with militia movements in the United States. These Nazi-Vikings are fascists. The word fascist derives from the Roman fasces. The words fasces and faggot both mean a bundle of sticks. They bundle themselves in groups through rape and faggotry. Chris Hemsworth who played the Norse deity Thor is an Illuminati idol of a group of Viking faggots and his brother Liam Hemsworth was in the movie the Hunger Games with Alexander Ludwig who is in the show the Vikings. Alexander Ludwig is a Viking faggot cult. Another Viking faggot is the actor Travis Fimmel who was in the show Vikings and he is a psychopath that burns men, women and children alive. Travis Fimmel is an extremely evil psychopath working for Anglo-

Norman nobles. Hafthor Bjornsson is an Icelandic strong man and an agent of the Glucksburgs which previously ruled Iceland. Hafthor Bjornsson is an extremely evil and violent psychopath initiated into faggotry. These Nazi-Vikings are crypto-bisexual and rape other men in prisons or shower rooms to assert their dominance over each other. They create much of their hierarchy through faggotry. Prisons are initiation centers for criminals and their initiations include assaults, rape, and murder. The Nazi-Viking cults are militant fascist supremacists and organized through prisons, militias, and brotherhoods similar to Freemasonry. Faggotry is also common in the modern military. They often rape soldiers into submission. Ole Andreas Halvorsen is from Norway and resides in the United States. Ole Halvorsen is worth over 2 billion and he owns the hedge fund called Viking Global Investors which was recently managing over 28 billion in assets. Many investment firms use investments and stock trading as the disguise for criminal pay offs. Leaders of these Nazi-Viking cults may own companies which investment firms finance and the more work these cults do for the global criminal agenda the more they get financed.

The Swedish knight and Bilderberg member Jacob Wallenberg is a board director for NASDAQ and he is also a top executive for various corporations along with his brothers Peter Wallenberg and Marcus Wallenberg. They use stock trading for bribes and criminal financing. This creates a veil of protection and functions in a similar way as cronyism where members of the these groups receive special treatment like stock trading tips, low interest rates, bonuses, promotions, or even pay offs disguised as loans. From the cult leaders the pay offs trickle down to lower level members often through cash or PayPal accounts. They have been using Paypal to finance online trolls and shills. Peter Thiel is a German born billionaire that co-founded Paypal and he works for German royals which work with the royals of Sweden, Norway, and Denmark. The term troll is used for paid online agents that reside on sites and channels targeting people who speak against their narrative. The Swedish Trolle family oversee online trolling and work with Swedish, German, and British bankers which finance them. The Trolle family merged with the Wachtmeister family headed up by Count Hans-Gabriel Trolle-Wachtmeister. Count Carl Johan Bernadotte's second wife was Countess Gunnila Wachtmeister. Erik Wachtmeister is a Swedish born Jesuit Georgetown educated banker that has worked for Lehman Brothers, Rothschild Inc., and Ladenburg Thalmann. Erik Wachtmeister founded the investment company called Viking Internet. Christopher O'Neill is the husband of Princess Madeleine of Sweden and he worked for Noster Capital, NM Rothschild and Sons, and Steinberg Asset Management. These banking connections are used for making bribes and criminal payments to their

online disinformation agents or trolls as well as for financing human sacrifices to secret societies. Government translates to control mind. Ryan Zinke was the recent US Secretary of Interior under Trump. Zinke was a US Navy Seal and is Lutheran. The Swedish royals are Lutherans. Zinke was also educated at the University of Oregon. It is well documented that there are large amounts of Nazi supremacist groups in Washington state and Oregon. Jens Nykvist is the Chief of Sweden's Royal Navy and was educated at the Salve Regina University in Rhode Island. Jonas Haggren is the current Director Joint Staff and head of the Swedish Armed Forces Headquarters and a vice admiral in the navy and educated at the US Naval War College as was Hakan Syren a Swedish naval commander and former chairman of the European Union Military Committee. The Swedish royal family have a noble branch called the Counts of Wisborg and they are high level Nazi-Viking commanders that own their own the island of Mainau where they make human sacrifices.

King Carl Gustaf of Sweden and his wife Queen Silvia of Sweden. The royals of Sweden are not Nordics. They are imposters and intrusive invaders from France and Switzerland. Before that they came from Turkey and the Mid East which is why they are migrating Arabs and Muslims into Sweden. They hate the real people of Sweden and want to destroy their culture. The Bernadottes are trolls and not Nordics.

Princess Victoria of Sweden claims she is god and claims god is a woman because she murders little boys. This is why Sweden stopped referring to god as a man.
